

LJCDS FUTURE LEADERS TRAINING CAMP 2025

LA JOLLA COUNTRY DAY SCHOOL

La Jolla Country Day School (LJCDs), located in the scenic La Jolla community of San Diego, is a renowned top-tier day school with an A+ rating on NICHE and is consistently ranked among the best in the region. Known for its innovative STEAM education, cutting-edge labs, and strong programs in humanities, technology, engineering, and the arts, LJCDs provides a well-rounded, forward-thinking education. The school's experienced college counseling team boasts a high success rate, with around 8%-10% of graduates annually gaining acceptance into Ivy League schools such as MIT and Harvard.

Tailored for motivated middle and high school students aged 12 to 16, this transformative program combines academic learning with hands-on leadership training and cross-cultural experiences. Through interactive workshops, real-world problem-solving, and collaborative challenges, students will strengthen critical thinking, teamwork, and leadership skills. Designed to inspire growth and confidence, this program equips young leaders with the mindset and abilities to thrive in an ever-evolving global landscape.

PROGRAM HIGHLIGHTS

1. HOLISTIC LEADERSHIP DEVELOPMENT

Our program blends academic learning with practical leadership training. Students will develop critical leadership skills through hands-on activities, team collaboration, and real-world problem-solving, preparing them to become future leaders with global competence.

2. CULTURAL IMMERSION & GLOBAL PERSPECTIVE

With a unique 1:5 international-to-local student ratio, students will live with local host families, participate in popular summer camp activities, and immerse themselves in American culture. This experience fosters cross-cultural communication, adaptability, and an enriched global perspective.

3. SMALL CLASS SIZES FOR PERSONALIZED GROWTH

Our small classes ensure individualized attention, allowing each student to thrive. With close support, students can enhance their academic skills, leadership capabilities, and personal development in a focused environment.

4. BALANCED ACADEMIC AND LEADERSHIP CURRICULUM

The program combines stimulating morning academic sessions, including subjects like arts, innovation, and science, with afternoon leadership courses that focus on teamwork, community service, and leadership theory. This comprehensive approach helps students strengthen both their intellectual and leadership abilities.
