

2025 SUMMER PRE-HIGH ACADEMIC PROGRAM

ABOUT PRE-HIGH ACADEMIC PROGRAM

This program is an intensive course designed for students aged 13 to 17 who plan to attend high school in the United States. This program provides comprehensive preparation to help students adapt to a new learning environment, local culture, and homestay experience. Mornings are dedicated to academic and cultural English courses at Q International Language School, ensuring students build strong language skills and cultural awareness. In the afternoons, students engage in a variety of electives, guest lectures, creative workshops, and off-campus visits, allowing them to explore San Diego and other parts of California while gaining valuable real-world experience.

PROGRAM HIGHLIGHTS

1. COURSE DIVERSITY & EXPERIENCE

High school offers a variety of courses, including business and arts, that provide students with specialized knowledge and hands-on learning experiences. These courses not only expand academic horizons but also help students discover their passions and talents.

2. SKILLS DEVELOPMENT

Critical thinking, writing, and study techniques are essential skills honed during high school. These skills improve academic performance and prepare students for future challenges, enabling them to think analytically, communicate effectively, and manage their time efficiently.

3. LEADERSHIP & COLLABORATION

High school encourages the growth of leadership and teamwork abilities. Students have opportunities to lead projects, collaborate with peers, and build public speaking and presentation skills, which are all valuable in both academic and professional settings.

4. VOLUNTEERISM & CLUB INITIATIVES

Through volunteering and starting clubs, students gain real-world experience in managing responsibilities and creating opportunities for others. These activities foster a sense of community involvement, initiative, and social responsibility.

Q INTERNATIONAL SCHOOL
